

Research old and new vehicles. Think about similarities and differences. Have a go at using your DT skills to design and make your own vehicle.

Get out and about and look for signs of summer. Explore your local area.

You Could Visit:

Redbourn Museum-

<http://www.redbournvillage.org.uk/about-redbourn-village/redbourn-museum/>

Have a picnic and build a den

Create a bug hotel

Visit a local park

Fly a kite at Dunstable Downs

Visit St Albans Cathedral

Stroll around Verulamium Park

Go for a scoot or cycle with your family

Use different language for addition, subtraction, multiplication and division.

Practise your mental addition and subtraction.

Have a go at reading and telling the time.

Create a play shop and practise handling money and change.

Practise your letter formation. Remember that ascenders go above the line and descenders go below the line.

Year Two
Summer Term 2018
Home Learning Ideas
Topic:
All Aboard

Practise your golf swing and golf skills at the driving range. Think about your posture and how to grip the club.

Visit the class blog and leave a comment.

Our artist this term is Monet.

Have a go at creating your own artwork inspired by Monet.

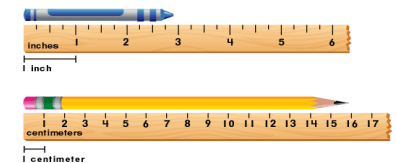

Become an author and create a story titled

All Aboard!

What characters might be in your story?

What adventures might they get up to?

Become a scientist and experiment with different objects to test if they sink or swim. Can you design a boat and test how much weight it can hold?

Practise reading scales whilst helping to bake with your family. Explore different measurements by measuring the length or weight of different objects around your home.
